## Parental/Guardian Responsibility Form

Dear Parents and Guardians,

**Please be aware that you must remain on the premises while your child/ward is training with our Dojo.**

This is to ensure that someone is here to escort them, should they wish to get to go to the toilets or should there be an emergency evacuation. This dojo is located in a busy area and we are not a creche service.

Instructors are responsible for the safety of your child/ward while they're training with us. When they leave the room, they are your responsibility.

You may wish to work together on this issue and take turns to watch over each other's children and do some shopping in shifts – that's a matter for you ... but some of you must be present in the gallery space to look after the needs of your child/ward and **you must** be present in the store.

This is a child protection issue and we urge you all to abide by this rule as a breach of this protocol could have dire consequences for you should something happen to your child/ward in your absence.

### Illness

Should your child have a communicable illness (colds/flu, chicken pox, athlete's foot etc), you must not bring them into the dojo until they have recovered from the condition. It's not fair on other members of the dojo. Verrucae must be completely and securely covered.

### Jewellery

All jewellery must be removed before training, this includes any rings, necklaces earrings, studs and piercings.

I have read the Parental/Guardian Responsibility Form and agree to remain in the store should my child/ward need me. I will keep my child away from the Dojo should he/she have a communicable illness. I will remove any jewellery/studs etc from my child before they train.
